Nemours is funded by the Centers for Disease Control and Prevention (CDC) under a six-year Cooperative Agreement (5U58DP004102-03) to support states in launching ECE learning collaboratives focused on childhood obesity prevention. Funding for these materials was made possible by the CDC. The views expressed in this document do not necessarily reflect the official policies of the Department of Health and Human Services, nor does the mention of trade names, commercial practices, or organizations imply endorsement by the U.S. Government.

* Totals may not equal 100% as some ECE Programs may identify with more than one category
